

Referral Form for Direct Access to Audiology

House-bound patients will require an additional form (Appendix A) to be completed to access home visit service
This form to be used for patients with suspected hearing loss and/or tinnitus

Patients Name: Given Name Surname	D.O.B: Date of Birth
Gender: Gender(full)	Age Group: ☐ 16/54 ☐ 55+
Ethnicity: Ethnic Origin	
Address: Home Full Address (stacked)	NHS No: NHS Number
	Patient's phone (home): Patient Home Telephone
	Patient's phone (mobile): Patient Mobile Telephone
Next of Kin's Name and contact details	

If your patient has any of the following refer directly to ENT:

Aural discharge or otalgia lasting >7 days in the last 90 days

Sudden (less than 7 days) or rapid (90 days or less) loss or deterioration of hearing

Vertigo including spinning, swaying or floating sensations

If your patient has any of the following refer directly to Audiology:

Abnormal appearance of the outer ear or the eardrum, including middle ear fluid

Fluctuating hearing loss, other than associated with colds

Noticeable asymmetry in hearing

Tinnitus

If your patient is aged 16 to 54 years with none of the above refer directly to Audiology

If your patient is 55+ with none of the above you should refer to a provider of non complex age related (AQP) hearing services.

Please note that if you make a referral and we assess your patient to meet the criteria for non complex age related (AQP) hearing services we will Discharge the patient back to you for onward referral to an appropriate provider.

Home Visits:

Home visits are arranged in accordance to
The Royal Wolverhampton NHS Hospital Trust
Patient Access Policy (OP39 – version 3.12)

The policy is applicable for housebound patients who are considered unable to travel safely by ambulance or other modes of transportation.

Please tick applicable box(es) –

- ☐ Terminally ill
- ☐ Bed bound
- ☐ Travel would cause deterioration in their medical condition or unacceptable discomfort to the patient.

Please provide information regarding Medical Condition

Is this temporary domiciliary care? ☐ Yes ☐ No

If yes please elaborate

In the following circumstances home visits will cease and the patient will be offered a clinic appointment if required.

- Patients who are not home at the time of the visit will be left a calling card and advised to contact the service. In such circumstances the patient will be managed in line with the DNA policy
- Patients whose circumstances change enabling them to attend a clinic
- On arrival at a patients home, the clinician determines that their professional opinion, the patient can attend clinic
- The service will notify the patient/carer and the referring practitioner where the patients' situation no longer appears to meet the home visit criteria.
- Where it is identified that a particular referrer is continually misusing the home visits criteria, the service will contact the referrer to highlight the policy.
- Where it is identified that the patients home is deemed unsafe to clinical staff
